REPORT OF SCHOOL NURSE

To Campton School Board:

I hereby submit my report of school nursing from September 1939 to July 1940.

198 children were examined by Dr. Cheney and these defects found.

Dental	69
Tonsils	15
Vision	13
Enlarged glands	6
Orthopedic	2

The following corrections were made.

Dental	53
Tonsil operations	4
Vision new glasses	5
Glasses changed	8

Orthopedic attends Dr. Jones clinic.

All children above second grade were tested for defective hearing with the audiometer. Ten showed slight hearing defects. It might be noted that some of these cases were also found to have defective tonsils

Dental Clinics were held at which 30 Campton children were treated.

Two Tuberculosis Clinics were held at Plymouth which several children attended.

The Light Conservation of State Public Welfare purchased 3 pair of glasses.

Four children had their tonsils removed at the clinic at Memorial Hospital held in June. The local Red Cross helped with these cases.

The usual program of health inspection, weighing and instruction has been carried on through the school year with 120 school calls, 98 home calls and 24 business calls made by the nurse.

In September 1940, Dr. Cheney examined the children again and recorded these defects.

Number children examined	194
Dental	92
Tonsils	14
Vision	11
Enlarged glands	2
Anaemia	1
Orthopedic	2

These corrections have been reported to date.

Dental	67
Tonsils	6
Vision	11

I again take this opportunity to thank parents, teachers and agencies for their interest and help.

Respectfully submitted,

ANNA M. LOVETT, R. N.

School Nurse

REPORT OF SUPERINTENDENT OF SCHOOLS

Annual Report of the Superintendent of Schools to the School Board and Citizens of the School District of Campton:

The seventh report of the present Superintendent of Schools is hereby submitted and makes a part of the Report of the School Board of Campton.

Since the last report of this series three new teachers have taken their places on the staff of the district. Mrs. Bessie May Adams is at the Center School and Anna Collin at Blair. Both of these teachers have had successful experience in schools similar to their present positions. Elizabeth Merrill of Plymouth was transferred to the Beebe River primary room. Frances M. Buckley is teacher at the Beebe River grammar room. While inexperienced she brings enthusiasm, has a good prestige with the children and is a very promising teacher. While the administration regrets good teachers often leave for more attractive positions the introduction of new teachers with different backgrounds has its compensating features.

The statistical tables with this report show clearly the picture of the schools of the district and it is not necessary to analyze them. The total enrollment is fairly constant and the percentage of attendance of 95.58 is slightly above the average of the state. The district has paid off all its bonded indebtedness.

Late in the fall the Board received a request for permission to operate a non-profit adult vocational school in the basement of the Campton Village School. Although the best advice available was that the space

was very inadequate for such a project the Board granted the permission out of respect for the enthusiasm as set forth by the sponsor and his associates. The Board insisted that dependable citizens subscribe to an agreement protecting the district from all expense as to alterations necessary, damage to the building, accident liability, and any additional expense incident to the occupation of the building.

Respectfully submitted,

ALLAN M. McCURDY,

February 7, 1941. Superintendent of Schools.
